

Responding to children who display sexualised behaviour

It's important to be able to distinguish developmentally typical sexual behaviours from those that may be problematic or harmful, and make sure children get appropriate support. Always consider the child's holistic needs and safeguarding concerns alongside any sexualised behaviour and follow due procedures accordingly. This guide is a tool to support objective decision making about a child or young person's sexual behaviour and does not replace professional judgement or policy and legislation. Visit [nspcc.org.uk/hsb](https://www.nspcc.org.uk/hsb) for more information.

Need advice?
