Background Information

During this half-term, we are going to be looking at The Shang Dynasty, a civilisation within Ancient China. In this, we will be focusing on what The Shang Dynasty was, what the settlements were like at this time as well as their livelihoods. As well as this, we will spend time looking at their writing style and we will make deductions about different Shang artefacts.

What your child should already know:

The children would have spent time within LKS2 looking at Ancient Egypt, as a study of an Ancient Civilisation. They would have worked to:

- continue to develop a chronological knowledge of British, local and world history.
- note connections, contrasts and trends over time and develop use of historical terms.
- construct informed responses that involved thoughtful selection and organisation of relevant historical information.
- understand how our knowledge of the past is constructed from a range of sources.

By the end of the unit your child should be able to:

- Explain the area of The Shang Dynasty, as well as how dynasties are changed and overturned.
- Explain the importance of farming at that time.
- Understand and explain that lots of our historical knowledge comes from archaeological studies of Primary Sources of information.
